Summary: This bill prohibits the possession or use

nontoxic shot when taking migratory game birds,

resident small game, or nongame species under

the authority of a hunting license within a wildlife

management area. This basically means "anywhere!"

And by the way, anybody who had any thought that

hunters and sportsmen, you need to know that THEY

are the sponsors of this bill to make it illegal to use

or even possess ammo containing any lead while

hunting Upland or Small game or even varmints

almost anywhere in the state! Audubon argued

that non-lead shotgun ammo is only slightly more

expensive than lead ammo and available through the

Cabela's catalog so anyone can get it. They couldn't

give any evidence that ANY species of bird or animal

is endangered because of the lead shot that has been

used in hunting for over 100 years. They've chosen

to make their nest with PETA, National Resources

of a feather stick together.

If Assembly Bill 1810 isn't the issue that finally unifies ALL gun owners, nothing will!

For many years we've heard some gun owners say, "Oh, we don't care about those black military style assault weapons, they'll never come after our sporting shotguns," or, "we don't care about those cheap Saturday Night Special handguns, they'll never come after our target and hunting rifles." Well guess what? They were WRONG!

AB 1810 by Assemblyman Mike Feuer (D-Los Angeles) of "microstamping" fame, has gutted his bill that originally dealt with graffiti and vandalism and amended it to call for registration of all shotguns and rifles, just like handguns. On April 13, 2010 the bill passed out of the "gravevard-of-freedom-andjustice" known as the Assembly Committee on Public Safety on a straight party vote, 4 Democrat Ayes and 2 Republican Noes.

Parents will no longer be able to give their long guns to their kids without registering the transfer with the Department of Justice (DOJ). Law abiding citizens moving into California will now have to register all of the rifles and shotguns they bring with them along with their handguns. The bill will require the DOJ to keep all new purchase or private-party transfer registration information in a database, something that present law prohibits them from doing. The penalty for violating the registration requirements is a misdemeanor with up to a \$1,000 fine and a year in jail. Of course, that's for now, their next step will be to have you lose your right to own or possess ANY gun for 10 years, then they will raise it to a felony and so you will lose your gun rights for life. Do you have any doubts about this?

The radical leftist anti-gun leadership in the Legislature is surely trying to do all they can to have as many controls on guns and ammo before the Supreme Court of the United States (SCOTUS) hands down their ruling in the McDonald v. Chicago case due to be released this June. It is expected that the court will rule that the Right to Keep and Bear Arms will be incorporated and state and local governments will be prevented from infringing on the right, at least to some extent. To what extent governments will be limited is the issue that SCOTUS is wrestling with.

If we get into a debate with the gun grabbers about whether long gun registration is helpful in solving crime or returning stolen guns are significant or not, we've lost. Engaging in this type of argument immediately puts us on the defensive - it's like accepting their premise that we beat our wives and we are stuck arguing that we don't hit them often and very hard. Here's the deal, there is no justification for long gun registration, PERIOD! That is unless the long term goal is to have the means in place to ultimately get rid of all of them. We must reject their basic premise. There can be no

For those gun owners who never believed that the government would come after their target and hunting rifles and shotguns, here's another warning, the next step is to take all our guns away little by little. What's that you say? The U.S. Constitution will prevent that from happening? When have you ever known the radical gun-grabbers to care one whit about what the U.S. Constitution says? Think about it!

GOC urges every gun owner in the state to call and/or write Assemblyman Mike Feuer to express their strong opposition to AB 1810. He can be reached at: State Capitol, Sacramento, CA 95814, his phone number at the Capitol is 916-319-2042 and 310-285-5490 in his district.

There is a lot more to come and GOC will keep vou informed.
